Night Driving

-Fix up FIRST LINE A BIT

① driving far away ~~to~~ to the mountains. We live in a small town and I have never ~~we are driving far away to~~ seen mountains.

~~I am bigger than my brother so I get to sit up front with my Dad.~~
Tonight,
My Dad says "We'll do some night driving to get there by morning."

OUT?

~~In the back my mother and little brother are going to sleep. I am excited glad I get to stay up.~~

"Why are we going to drive at night?" I ask my Dad.

③ "It's cooler ^{when} ~~after~~ the sun ^{is} ~~is~~ down. ^{He says} ~~They~~ Besides I like to drive at night ^{he says} ~~he says~~. And I like to drive at night. I like to watch for animals, and see the ^{moon} ~~stars~~, and listen to the night noises.

④ "I like to drive at night too" I say.

~~In the back seat my mother and brother were making soft noises as they ~~started~~ sleep.~~
